Chapter 1 by Dave W.

Hungry, splayed out on the couch so that her stomach would curl into itself, tired, but alert and suffering, tired still, unable to get up, justifying.

She turns the tv on and off and listens to the tube click with the rubber button in her hand, hoping it (the tube) might shatter. Really just hoping for any demonstration of the amount of electricity that's going through it (the television).

Her fridge is humming. Her roommates mini-fridge is humming in the quieter murmurs of the bigger fridges mechanical outputs.

She decides that she'll probably eat again before she dies.

Chapter 2 by Toby toby

Her thirst for electric power was gnawing at her stomach. Her stomach caves into her spine causing a large fall.
